

# Mrs. Siegelman's Gazette

March 12, 2018

## DONUTS FOR DADS:

"Donut for Dads" was a big success! The children were so excited for that special day! Thanks to the Dads and Grandpas for taking the time in their busy life to come and spend part of the morning in our classroom.

## SUPERKIDS:

In this book, the Superkids are really getting their club organized. They decided they needed a boss and their boss will be called a "Supernoodle." This week, we will be introduced to synonyms and antonyms. Please keep reading everyday with your child.

Just like the Superkids, we now have a Supernoodle in the classroom. The children seem to be very excited about it! We will get a new "Supernoodle" every three days. The Supernoodle leads the morning meeting, is the line leader and will be able to take Switzerland home one last time.

Tomorrow we will start to work on the letter M.

**THE "N-M" WORD LIST TEST WILL BE ON FRIDAY, MARCH 16th.**

## MATH:

Hard to believe Chapter 9 is almost over.. The best part of this chapter is the shopping. The kids loved it! Thanks again for helping me to keep the store inventory interesting and stocked! In order to practice counting our coins, we will keep shopping. [The Chapter Test is on March 20th.](#)

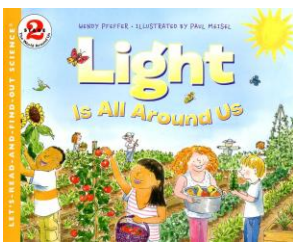

## SOCIAL STUDIES:

This week, we will get our passports and our suitcases ready for our big trip around the world. We will keep working on continents and maps as well.

## SCIENCE in our classroom:

On science days, we will learn about light before making our own kaleidoscopes. We will learn that light is all around us in different forms. We also will discover that nothing travels faster than light. We'll hear words like octillion and lumens which is the way the light is measured. To conclude our lesson we will have a great experiment with flashlights and mirrors and learn how to bend light.

**THANK YOU** to Adrian's Mom who came last week to talk about Ayyam-i-Ha translated "Days of Joy", a holiday celebrated in their country. The kids loved to listen to a story. We talked about love, patience, kindness, truthfulness... For a little present, the children took home a seed to plant. How exciting! Thank you!

## IMPORTANT DATES:

~ **March 30th: 1:00pm RELEASE** ~

SPRING BREAK: April 2nd – April 6th

Have a good week!
