

# Mrs. Siegelman's Gazette

March 26, 2018

## SUPERKIDS:

This week we are working on the letter "Vv" sound. We are still practicing synonyms and opposites. In this unit, our friend Golly got hurt and the Superkids took him to the vet where he'll have to stay for a few days. Tomorrow at 8:45am, Morgan's Mom who is a vet, will come and talk to us about what veterinarians do. As you can imagine, we are all very excited about it!

~ The WORD LIST TEST is on April 11th ~

## MATH:

Chapter 10 is going great! We are learning all about the calendar, the time and the seasons! Working on the calendar daily since the first day of school is actually helping the children with this chapter. Nothing is really new to them!

The Chapter Test is on Thursday, April 10th.

For extra practice you can go on-line at [www.sadlier-oxford.com](http://www.sadlier-oxford.com)

## SOCIAL STUDIES:

Our passports and our suitcases are ready! Last week we started our wonderful trip around the world. We already visited North America. We learned how the Colorado River formed the Grand Canyon. We talked about Canada and Mexico.

**Thank YOU** to Pamela's parents who came on Friday to talk about Mexico, their native country. They brought for us to see, different Mexican artifacts. The children loved it. Tomorrow, we will fly to South America where we will stay until the end of the week. We will talk about the Amazon Rain Forest, the llamas in the Andes Mountains, the different cultures and more.

## SCIENCE :

This week, we are creating a model of a pond in the lab. It is interesting to see how we can use science materials to model things we might see while visiting a real pond! The children enjoy this science unit a lot!

Thank you to all for making today a wonderful Monday. Ms. Kathie and I loved getting all the different fruits this morning! Thank you! What a treat!

## IMPORTANT DATES:

~ March 30th: 1:00pm RELEASE

~SPRING BREAK: April 2nd – April 6th

~May 11th: "Muffins for Moms" (More info will follow)

**HAVE A GOOD WEEK!**
