

A Letter of Partnership with The Wood Acres School

2020-2021 Academic Year

While The Wood Acres School has met or exceeded all guidelines for securing our campus for a safe and healthy school year amidst the continuing concern of the CoVID pandemic, we realize we cannot do it without an equal commitment from each and every Wood Acres family. The commitment from each family includes:

- Comply with all directives that Wood Acres asks throughout the entire school year to maintain our campus safety for staff and students, including, but not limited to arrival and dismissal procedures, classroom visits by adults, Tree House procedures, conferences, and individual and grade level teacher requests.
- Commit to continued tuition financial support of the school throughout the year, both with on campus learning and distance learning if necessary.
- Maintain accurate and up-to-date contact information by sharing with teacher **and** office team.
- Keep your child home if he/she manifests any symptoms listed as CoVid symptoms and seek immediate diagnosis from your health care provider. Provide school documentation of results.
- Keep your child home if they have a fever 100.4 degrees or more while not on fever reducing medication. To return, he/she must be fever free for 36-48 depending on symptoms. Keep the office updated.
- Inform teachers and office team if any immediate family contracts the virus or that your child has come in contact with anyone who has the virus.
- Maintain the confidentiality of all students in regard to health issues during the school year.
- Refrain from situations outside the school day that may compromise your child's health or that of others, including but not limited to large gatherings with no precautions taken (such as parties, sports activities, social occasions, travel) or prolonged indoor visits with other children such as spend the night events, etc.
- Immunization School form 3231 must be up to date. Your child's pediatrician can help you with this document.
- Keep a positive attitude with and for your child in regard to all campus precautions and changes that are in place for the new school year. Help us all look on the sunny side of this school year.

With your signature on this partnership agreement and your consistent positive support of these initiatives, The Wood Acres School is poised to be one of the most successful academic environments for your child this year. Wood Acres is a school for all seasons and all the right reasons. We can do this as a team for your child and all the students @ the Woods!
